## LILIUMS

These are one of our leading specialties and a large proportion of the varieties offered are home grown. Candidum (Madonna Lily) and Testaceum (Nankeen Lily) are ready in August many varieties early in September and nearly all varieties during October, a few are not ready until early November. Fall is a vastly better season for planting Lilies than spring, a rather limited number of varieties can be spring planted and these will bloom later than such as were fall planted but under no conditions will their quality at all equal those planted in the fall. We never handle bulbs carried over winter in cold storage they are of little value for outdoor plantings and their use will invariably cause disappointments. All liliams require well drained ground. Water logging in winter is a common source of failure. Avoid using fresh animal manure in preparing ground for them and never use chemical fertilizers. Leaf mold, peat moss and thoroughly rotted animal manures are all safe. In very heavy soils use sharp sand freely also rotted leaves or peat. I always use sand below and over bulbs. Bone meal is a safe and excellent food for all lilies, in fact for all kinds of hardy bulbs. Certain varieties including our native lilies will do well in shade and some shade afforded to such varieties as Henryi, Hansonii, Japonicum, and rubellum will prevent flowers fading out badly.

*Lilium candidum* requires a well sweetened soil, also *testaceum* and some other European varieties, the great bulk prefer one which is alkaline or acid. Do not cut Lilies down while stalks are green and unless you are desirous of saving some seeds remove all pods soon after flowering. A mulch of old manure or peat moss during the growing season is good for all lilies. When replanting keep bulbs out of the ground as short a time as possible packing them in soil or peat moss. Today supplies of certain lilies are very limited, especially is this true of *auratum-speciosum*, *japonicum*, *sulphureum* and some others formerly imported from eastern Asia, not to mention varieties of *Longiflorum*. In a few years America and Canada will be able to produce good bulbs of nearly all varieties and make us independent of these importations.

A goodly number of Lilies can be readily raised from seeds and we offer a fine selection of home saved seeds. A few can be flowered within a year, others take 2-3 years, some varieties longer. Other methods of increase include side bulbs, bulblets, bulbils and scales but for quantity production seeds are the best.

We have received numerous gold and silver medals and prizes for our exhibits of Lilies before the Massachusetts Horticultural Society during the past 15 years.

## LIST OF HARDY LILIUMS

- Amabile.** Flowers in the last half of June, height 18-24 inches, flowers recurving, red with black spots.  
.30 each, \$3.00 per doz.
- Amabile Luteum.** An interesting yellow form. .... \$1.00 each, \$10.00 per doz.
- Auratum.** Very limited stocks of this are now available; we will have moderate numbers of home grown bulbs early in November. .50 cents, \$6.00 doz. A few larger sized bulbs \$1.00 each, \$10.00 doz.
- Auratum Platyphyllum.** A few bulbs only at same prices as Auratum.
- Aurelianense.** A fine hybrid raised in France between Henryi and L. Sargentiae. Bloom July 10-20 ..... \$5.00 each
- Backhouse Hybrids.** Beautiful and vigorous hybrids raised by the late Mrs. R. O. Backhouse between martagon and Hansoni Flowering June 15-30. We have the following varieties to offer: **Brocade, Mrs. R. O. Backhouse, Sceptre, Sutton Court.** Strong flowering bulbs of these varieties. .... \$3.00-\$4.00 each
- Brenda Watts.** One of Miss Preston's "Stenographer" series raised at Ottawa, Ont. Very vigorous, fire red flowers spotted black, in season June 26-July 10. .... \$3.00 each
- Browni Odorum.** A fine white trumpet lily stained purplish without. Blooms in advance of regale. At best, June 25-30. .... \$1.25 each, \$10.00 doz.
- Bulbiferum.** From Central Europe, the bright orange flowers are spotted purplish black. Blooms in mid-June.  
.50 each, \$5.00 doz.
- Callosum.** A pretty little reflexed lily blooming in late July ..... 35, \$4.00 doz.
- Canadense.** One of our most graceful and beautiful lilies flowering in late June, will grow in sun or semi-open woodlands.  
20 cents each, \$2.00 doz., \$15.00 per 100
- Canadense Flavum.** The yellow form.  
25 cents each, \$2.50 doz., \$15.00 per 100
- Canadense Rubrum.** The reddish form, rather scarce.  
.30 each, \$3.00 doz., \$20.00 per 100  
We can supply extra sized bulbs, either mixed or in red and yellow.  
.40 each, \$4.00 doz., \$30.00 per 100
- Candidum.** The most immaculate and best beloved of all hardy Lilies; English and home grown bulbs. Plant not over 3 inches deep in sweet soil .... .40, .50, .75 each, \$4.50, \$6.00-\$7.50 doz., \$37.50, \$45.00-\$46.00 per 100
- Candidum Salonikae.** Stock limited for this season but we can supply Candidum X Salonikae at same price as Candidum.
- Centifolium.** A magnificent white trumpet lily flowering after regale introduced by the late Reginald Farrer. .... \$1.00-\$2.00 each, \$10.00-\$22.50 doz.
- Cernuum.** A graceful Chinese lily with lilac rose recurving flowers similar habit to tenuifolium. .... .50 each, \$5.00 doz.

- Chalcedonicum.** This is the Scarlet Turps Cap Lily of Greece. Bright Red recurving flowers in early July  
\$1.00-\$1.50 each
- Columbianum Ingrami.** A good Pacific Coast variety recurving yellow flowers, spotted red. Likes a moist location in summer to be seen at its best ..... .50 each, \$5.00 doz.
- Concolor.** Rich crimson scarlet variety from Siberia, flowers face upwards, an early bloomer, closely following tenuifolium ..... .35 each, \$4.00 doz.
- Concolor Pulchellum.** Rather more vigorous tan concolor ..... .35 each, \$4.00 doz.
- Creelmanni.** A superb hybrid white trumpet lily raised in Canada later than regale. Extra fine bulbs .. .75 to \$2.00 each
- Croceum.** This is the true old English Orange Lily. A hardy and very fine variety in season late in June .75 each, \$7.50 doz.
- Crows Hybrids.** Of Canadian origin, this is a grand race of white trumpet lilies with much vigor ..... .75 to \$1.50 each
- Dauricum Luteum.** A lovely golden form of Dauricum, quite scarce.  
\$1.00 each, \$10.00 doz.
- Dauricum Pardinum.** There are early and late blooming forms of this very fine lily which is extremely vigorous, sometimes attaining a height of 5 feet and carrying 20-25 flowers per stalk during July and August.  
.50 each, \$5.00 doz.
- Davidi (Thayerae).** Carries narrow grass-like foliage while the cinnamon red in color and recurving, sturdier stem than Willmottiae..\$1.00-\$10.00 doz.  
Smaller bulbs .50 each
- Davmottiae.** A vigorous hybrid between Davidi and Willmottiae sometimes carrying 35-45 flowers to a stalk .....\$1.00 each, \$10.00 doz.
- Elegans (Thunbergianum).** A very useful early flowering race of dwarf lilies flowering mainly in June, fine for the fronts of borders, flowers which are upright are large and very variable in color.  
Mixed .25 each, \$2.50 doz., \$18.00 per 100
- Elegans var. Alice Wilson.** Extra large yellow flowers, fine variety.. .50 each, \$5.50 doz.
- Elegans var. Atro-Sanguineum.** Fine deep red ..... .30 each, \$3.00 doz.
- Elegans var. Leonard Joerg.** Deep apricot ..... .35 each, \$4.00 doz.
- Elegans var. Mahogany (Mahony).** Rich mahogany crimson, justly popular, fine grower.  
.40 each, \$4.00 doz., \$30.00 per 100
- Elegans var. Red Star.** A fine rich red.  
.35 each, \$4.00 doz.
- We can also supply Darkest of All and one or two other vars. of elegans.
- Formosanum.** Early flowering form. Rather dwarf with more narrow trumpets of white flowers than the variety mostly seen. Blooms in late July ..... .25 each, \$2.50 doz.
- Formosanum.** Late variety. Does not bloom until September with very

- large white trumpets, tall grower.  
 .25 each, \$2.50 doz. Extra big bulbs, .40, \$4.00 doz.
- Formosanum.** Giant pure white. A large proportion of these are snow white, late blooming, our best late flowering lily..... .25-.40 each, \$2.50-\$4.00 doz.
- Grayi.** A lovely native Lily from the mountains of Virginia and North Carolina. The bell shaped flowers are reddish with brown spots, one of the most gracefully pretty lilies in existence. Likes a little shade... .40 each, \$4.00 doz.
- Giganteum Himalaicum.** This is the giant lily of the Himalayas, suitable for culture in semi-open woodland glades and not in the garden. Cover bulbs only 3 or 4 inches. This most noble of all lilies attains a height of 12-14 feet in England and the west of Scotland, but is rather shorter here. Strong bulbs ....\$2.50-\$4.00 each
- Grace Marshall.** Another of Miss Preston's hybrids. Reflexed deep red flowers are carried horizontally on the stalks, which are very robust \$3.00 each
- Hansoni.** Easily one of the best six lilies in culture today; thoroughly dependable. The recurving yellow flowers with brown markings are abundantly produced from June 16 onwards; should be in every garden where lilies are grown.  
 .50-.75 each, \$5.00-\$7.50 doz.
- Henryi.** For absolute dependability this lily stands supreme. It is sometimes called the "orange yellow speciosum." Starts flowering in late July and has a long season.  
 .25, .40, .50-75 each  
 2.50, 4.00-5.00, 7.50 doz.  
 Each Doz.
- Horsfordi.** A vigorous hybrid raised by the late F. H. Horsford in Vermont between Maximowiczii and Batemammiae, recurving flowers which open in August..... 1.00 10.00
- Japonicum.** We regret inability to supply any bulbs of this lily.
- Kelloggi.** A daintily pretty variety from Northwestern California. Flowers in June, likes a position in a rockery or the edge of woodlands. The fragrant flowers are pink, spotted purple ..... .75 7.50
- Longiflorum Erabu.** An early flowering form. Home grown bulbs..... .60
- Longiflorum Giganteum.** The type which in the past has been the dominant one for Easter flowering. Home grown bulbs ..... .60 6.00
- Giganteum "Estate Lily."** A grand strain produced in Oregon, the finest of all longiflorums. Stock very limited ..... 1.00 10.00
- Note.** We find all of the above forms of longiflorum are hardy in Weymouth, Mass., if planted 8 inches deep in well drained soil in late October or November.
- Marhan.** An excellent hybrid between martagon and Hansoni,

rather resembles the Backhouse hybrids .....	2.50	each
<b>Marhan var. Ellen Willmott.</b> A specially fine variety of the above....	3.00	each
<b>Martagon.</b> Purplish flowers in mid-June. All of the Martagon varieties are very scarce today, including the type .....	1.00	10.00
<b>Martagon Album.</b> A truly exquisite pure white form, a better grower than the type .....	1.50	15.00
We can also furnish a few good bulbs of Martagons Cattanae and Dalmaticum .....	3.00	
<b>Maximowiczii.</b> A late August blooming lily; resembles tigrinum somewhat but is less robust and more graceful. The red flowers are spotted purple .....	.40	4.00
<b>Maxwill.</b> An excellent hybrid between Maximowiczii and Wilmottiae. A good garden lily.....	1.00	1.50
<b>Monadelphum Szovitzianum.</b> This Russian lily has become quite scarce. Its rich yellow flowers are produced early in June. We have a limited number of flowering sized bulbs .....	1.00	1.25
<b>Pardalinum.</b> A good Pacific Coast lily flowering in mid-July.....	.25	2.50
<b>Pardalinum Giganteum.</b> The "Giant Pantther" and "Sunset" lily, to give it popular names it is offered under, is a very great advance on the type being much more vigorous, and larger, more brilliant flowers; a real husky variety. Plant deeply for best results .....	30-60 each,	3.00-6.00 doz.
<b>Parryi.</b> A lovely but at present very scarce Pacific Coast lily with yellow flowers. Has a pleasing fragrance. Likes leaf mold and a moist location. ....	.75	
<b>Philada.</b> One of F. L. Skinner's hybrids. Fine constitution, flowers red, with purple spots. Flowers in early June .....	.75	7.50
<b>Philadelphicum.</b> An excellent native lily which likes to have its roots shaded. This has been much used by Mr. Skinner in hybridising.		
	.20 each,	2.00 doz., 15.00 per 100
Extra large .....	.40 each,	4.00 doz., 39.00 100
<b>Phil-Dauricum.</b> Very robust variety. Received an award of merit in London from the R. H. S.....	.75	7.50
<b>Phildauricum Hybrids.</b> The following raised by Mr. Skinner at Dropmore, Manitoba, are all excellent early flowering varieties with much vigor and a good variation in types.		
<b>Azalea, Flambeau, Glow, Russett and Skinner's Orange,</b> the last named being the latest bloomer and has grand heads of bloom well spread apart. Strong bulbs of all varieties.....	.75 each,	set of 5 vars. for 3.50
<b>Pride of Charlotte.</b> An excellent hybrid between regale and Sargentiae raised in Vermont and blooming a fortnight later than regale.....	1.00-1.50	each

- Princeps.** Raised in Canada like so many other fine hybrid lilies, this variety holds a very high position amongst garden lilies. Blooms later than regale and has even greater vigor ..... .50-.75 each, 5.00-7.50-15.00 doz.
- Pyrenaicum.** A good European lily which needs a year to get established and show its character. The yellow flowers open quite early; they are spotted black. Quite scarce at present ..... .75
- Regale.** The most largely planted of all lilies. Succeeds under widely different climatic conditions. Probably the numbers sold each year exceed that of all others combined. We have a large stock in a number of flowering sizes running from 6-8 to 12-13 inches in circumference.
- Mammoth bulbs.....75 each, 7.50 doz., 60.00 100  
 Extra large bulbs.....50 each, 5.00 doz., 40.00 100  
 Large flowering size, .40 each, 4.00 doz., 30.00 100  
 Flowering bulbs.....25 each, 2.50 doz., 20.00 100
- Regale Hybrids.** A splendid selection of very fine hybrids with blood of Creelmanni centifolium, Crows, Sargentiae, Princeps, Pride of Charlotte and others, these contain some wonderfully fine varieties, all of the white trumpet type. Strong flowering bulbs .....60 each, 6.00 doz., 45.00 per 100
- Rubescens.** The "Redwood lily." Tall slender stalks carrying tubular, very fragrant flowers which are white with purple dots. Needs excellent drainage ..... .75
- Scottiae.** A cross between elegans Mahogany and Willmottiae, which received an Award of Merit in London, carries extra large salmon-apricot flowers in great abundance. 1.50-2.00 each
- Sargentiae.** Has been much used for crossing on regale, is later than regale and the large trumpet shaped flowers are white inside and bronzy purple without. Plant 8 inches deep. Not so dependable as regale..... .75-1.00 each
- Shuksan.** This is easily the best of the late Dr. Griffiths Bellingham hybrid lilies. Succeeds better in eastern North America than any other of these hybrids..... 1.50
- Speciosum Magnificum.** We can offer a fair number of 6-8 inch bulbs of this lily which is now quite scarce. .50 5.00
- Speciosum Rubrum.** Of this popular lily we can offer a few large bulbs at ..... .75 8.00  
 and some 6-8 inch size at..... .50 5.00
- Note.** No Speciosum album or Kraetzeri are available nor are there any Melpomen punctatum or any other varieties. All Speciosums are extremely scarce.
- Shelburne Hybrid.** A splendid regale hybrid raised at Shelburne, Vermont. Very vigorous, blooms 10 days later than regale...50-.75 each, 5.00-7.50 doz.
- Sarcanthum Hybrids.** These large trumpet lilies are outstandingly

- lovely, coming in season when all other regale hybrids and other large trumpet lilies have passed. Flowers are well spread apart as compared with regale, and I can recommend them as something every lily lover should try. Strong flowering bulbs... .75-1.50 each
- Sulphur-Gale.** An interesting cross between sulphureum and regale. Late bloomer ..... .50 5.00
- Sulphureum.** A magnificent lily from Upper Burmah. The huge trumpets are soft yellow within, the outside being tinted brownish red. Late summer bloomer. Planted 10 inches deep, this winters perfectly in New England. Strong flowering bulbs... 1.50-7.00 each
- Superbum.** The American Turkestan lily is one of the most noble varieties we have when well grown. I have seen specimen stalks 10-13 feet high with 40-50 flowers each. Plant where its roots are cool and moist all the time for finest results. Good flowering bulbs.... .20 each, \$2.00 doz., \$15.00 100  
Extra large cultivated bulbs, .40 each, 4.00 doz., 30.00 100
- Tenuifolium (pumilum).** One of the first lilies to flower often in late May. The "Siberian coral lily," which is its popular name, carries brilliant recurving red flowers and has graceful foliage. Flowering bulbs, .20 each, 2.00 doz., 15.00 per 100  
Extra large bulbs, .40 each, 4.00 doz., 30.00 per 100
- Tenuifolium Golden Gleam.** Same habit as tenuifolium but flowers are orange in color. .... .25-.40 each, 2.50-4.00 doz.
- Tenuifolium Red Star.** Much larger flowers than the type, evidently has some amabile blood in it. Brilliant red ..... .30 3.00
- Testaceum.** In the opinion of many this is the most beautiful of all lilies. A cross between candidum and chalcidonicum, this is the only natural hybrid lily we have. The lovely nankeen yellow flowers are reflexing and circle the stem. In flower with candidum. Plant not over 4 inches deep and in a sweet soil ..... 1.25, 1.50-2.00 each  
13.50, 16.50-22.50 doz.
- Sutchuenense (Willmottiae unicolor).** A form of Willmottiae but without spots, sturdier than the type and a very fine lily ..... 1.00 10.00
- T. A. Havemeyer.** A splendid hybrid between Henryi and sulphureum, blooming in August. Flowers, which are 6 inches across, are semi-trumpet and slightly reflexed and of a charming buff yellow color. Vigorous and a grand novelty. Strong flowering bulbs ..... 2.50
- Tigrinum Splendens.** A fine form of the popular Tiger lily ..... .30 3.00
- Tigrinum Flore-Pleno.** A very interesting double form ..... .30 3.00

<b>Tigrinum Fortunei Giganteum.</b> The most vigorous form, growing 6 feet or more in height.....	.30	3.00
<b>Umbellatum.</b> A very useful and thrifty race of June flowering lilies coming in many colors and blooming during June and early July. Fine mixture .....	2.50 doz.,	15.00 per 100
<b>Umbellatum Apricot.</b> Lovely rich apricot .....	.50	5.00
<b>Umbellatum Darkest of All.</b> Very deep crimson, the darkest of the family .....	.75	8.00
<b>Umbellatum Feu Brilliant.</b> Rich orange, extra large flowers.....	.35	4.00
<b>Umbellatum Grandiflorum.</b> A very fine orange form .....	.30	3.00
<b>Umbellatum Mahogany</b> (See Elegans Mahogany)		
<b>Umbellatum Orange Queen.</b> Rich orange, large blossoms, very vigorous ..	.40	4.00
<b>Umbellatum Prince of Wales.</b> Rich golden yellow, quite scarce.....	.75	8.00
<b>Umbellatum Splendidum.</b> The largest and most vigorous of the entire family .....	.50	5.00
<b>Umbellatum Vermilion Brilliant.</b> Blood red flowers, shaded crimson, very rich .....	.50	5.00
<b>Wardi Washingtonianum.</b> A lovely Pacific Coast variety with white flowers in early June. Needs shelter from strong sunshine and wind for its rather fragile flowers.....	1.00	10.00
<b>Willmottiae.</b> The recurving flowers on Miss Willmott's lily are reddish orange in color and very freely produced in mid-July. When established will attain a height of 5-6 feet .....	50-.75	7.50
<b>Wardi.</b> Often referred to as the "pink Martagon" discovered by Capt. Kingdon Ward. The pink flowers are fragrant and carried on 2-5 feet stems. Late July bloomer.....	1.50	
<b>Note.</b> We have limited numbers of a few other choice lilies, names of which will be furnished to anyone interested in the same.		

## MOSAIC FREE LILIUMS

But for the virus disease known as Mosaic, lily culture would make more rapid progress in the United States. This disease is not peculiar to this country but is in every country where lilies are either cultivated or found in the wild. We offer this year a number of varieties which have been examined by experts and have passed the most rigid tests for traces of Mosaic, these are all strong flowering bulbs.

The following amongst other excellent varieties are offered this season—Regale, Regale Hybrids, Crows Hybrids, Princeps, Shelburne Hybrid, Sulphur-Gale Hybrids, Creelmanni, Centifolium, Pride of Charlotte, Backhouse Hybrids.

Prices of these varieties will be found in the alphabetical list in this catalogue.

Additional to the lilies listed here we have limited numbers of some other varieties the names and prices of which will be forwarded on application.

## LILIUM SEEDS

A great majority of *Liliums* come quite readily from seeds. Some like *regale* and all its hybrids, *Willmottiae*, *Davidi*, *Formosanum*, *Henryi*, *tenuifolium*, *umbellatum*, *candidum* *Salonikae* var., *amabile* *concolor*, *longiflorum* and *elegans* will usually germinate within a month. On the other hand *auratum*, *speciosum*, *martagon*, *Marhan*, the Backhouse hybrids, *giganteum* *Himalaicum*, and all North American varieties are very slow, some requiring as much as 12 months to germinate, some of these will make a small bulb but no leaves the first season.

Sowing may be done under glass, in the home in winter, or in cold frames, or the open about May 1. Rather late fall before sharp frosts is another good time to sow seeds outdoors or in a frame. Started early, *Formosanum* will flower the first season, a number of others will bloom the second season.

Seeds may be sown in either shallow drills or broadcasted, cover not over  $\frac{1}{4}$  inch. For soil a mixture of garden soil, sand and either leaf mold or peat moss answers very well.

Unless otherwise priced seeds are 25 cents per pkt.; 12 vars., for \$2.00; larger pkts. for 50 cents and \$5.00 per doz. We will be happy to make up collection of easy germinating varieties for those wishful for a start in raising Lilies from seed.

## LIST OF LILIUM SEEDS

Azalia	Martagon
Auratum	“ album .50
“ platyphyllum	Marhan
Amabile	Maximowiczii
Backhouse Hybrids .50	Monadelphum Szovitzianum
Canadense, mixed	.50
“ flavum	Occidentale
“ rubrum	Pardalinum
Candidum <i>Salonikae</i> .50	“ giganteum
Cernuum	Philada
Concolor	Parryi
“ pulchellum	Philadelphicum
Centifolium .50	Phildauricum hybrids
Cordifolium	Pride of Charlotte
Columbianum Ingrami	Princeps
Creelmanni .50	Regale
Croceum	Regale X Browni
Crows Hybrids .50	Regale hybrids
Davidi	Rubellum
Daymottiae	Russett
Dauricum pardinum .50	Sarconthum hybrids .50
Elegans, mixed	Sargale
“ Alice Wilson	Scottiae .50
Formosanum Prices early	Shelburne hybrid
“ Wilsons late	Speciosum rubrum
“ Giant pure white	Sulphur-gale
Flambeau	Superbum
Giganteum <i>Himalaicum</i>	Sutchuenense
Glow	Skinnors Orange
Henryi	Stenographer series, mixed
Humboldt	.50
“ magnificum .50	Tenuifolium
Longiflorum giganteum	“ Golden Gleam
“ Erabu	Umbellatum, mixed
“ praecox White	“ grandiflorum
Queen .50	“ splendidum
	Washingtonianum
	Willmottiae

**Special collection 12 vars. easily germinated  
Liliums \$3.00**

## **PRACTICAL BOOK ON LILY CULTURE**

**"LILIES AND THEIR CULTURE IN NORTH  
AMERICA"**

By William N. Craig

This is the first book published in America devoted exclusively to Lilies. Covers everything pertaining to Lily Culture both outdoors and under glass. Contains 144 pages and is well illustrated. Price \$3.00. Only a few unsold copies now remain of this work which can be had from the author in Weymouth, Massachusetts.

---

**The English Lily Year Book of the Royal Horticultural Society, London, England, for 1940** can be furnished for \$2.00 postpaid. A splendid publication, freely illustrated and full of practical information.

Owing to governmental restrictions no Year Books for 1941-42 could be published but the 1940 issue is a very valuable one.

---

## **NARCISSUS**

No Narcissi will be coming from the European continent this season but happily the cultures of these bulbs in the United States are now of quite large proportions and bulbs of very good quality, having proved satisfactory both for forcing and outdoor culture. With the virtual entire stoppage of European imports, prices were advanced somewhat here but we have kept catalogue prices as low as possible, in some cases below those of 1940. On some varieties stocks are not very heavy and will be exhausted before the selling season is long under way.

We handle only the highest quality of daffodil bulbs and an inspection of our stock is cordially invited, also a visit to our beds while flowering in late April and through May.

---

## **DAFFODIL YEAR BOOK**

We have for sale copies of the splendid Daffodil Year Book for 1940 of the Royal Horticultural Society of England, this is well illustrated and full of thoroughly practical articles. Price \$2.00 per copy postpaid.

---

## **CLASSIFIED LIST OF DAFFODIL NAMES**

This very useful book is published by the Royal Horticultural Society and contains full particulars of the Society's Classification of Daffodils and arrangements for the Registration of Daffodils. Lists some 6,000 varieties. We have a few copies left which will be sent postpaid for 75 cents each.

## LIST OF LARGE TRUMPET NARCISSUS

	Doz.	100
<b>Aerolite.</b> A beautiful variety with deep golden trumpet and primrose perianth, an outstanding daffodil...	1.75	13.00
<b>Alasnam.</b> The wide deeply frilled trumpet is deep yellow a little darker than the perianth, a finely placed flower .....	2.00	15.00
<b>Beersheba.</b> A truly magnificent large trumpet variety, of mammoth size and perfect form this instantly rivets everyone's attention .....	1.50	each
<b>Dawson City.</b> A grand variety of great substance, broad flat perianth and beautiful golden trumpet .....	30 each,	3.00 doz.
<b>Emperor.</b> Golden trumpet, deep primrose perianth .....	1.00	7.50
<b>Empress.</b> Rich yellow trumpet, broad with perianth .....	1.00	7.50
<b>Fred Howard.</b> Perianth soft sulphury yellow, trumpet a little paler than King Alfred, a beautiful variety...	2.00	15.00
<b>Giant Killer.</b> Long straight frilled trumpets, rich yellow, deep primrose perianth .....	30 each,	3.00 doz.
<b>Glory of Sassenheim.</b> Golden yellow trumpet, creamy perianth .....	1.00 doz.,	7.50 100
<b>Golden Beauty.</b> Golden trumpet. Whitish perianth .....	1.50	11.00
<b>Golden Harvest.</b> Immense deep golden yellow, a real giant, very early...	50 each,	6.00 doz.
<b>Hector Treub.</b> Uniform golden yellow, beautifully proportioned. Better than King Alfred with a shorter trumpet	2.50	17.50
<b>Imperator.</b> An excellent daffodil with white trumpet and perianth.....	25 each,	2.50 doz.
<b>Insurpassable.</b> A real mammoth golden trumpet of great excellence..	1.00 each,	10.00 doz.
<b>King Alfred.</b> Huge golden yellow, very refined round bulbs .....	1.25 doz.,	9.50 per 100
Mammoth size .....	1.75 doz.,	13.50 per 100
<b>La Vestale.</b> Deep creamy yellow trumpet and ivory white perianth, a flower of grand proportions and great substance .....	25 each,	2.50 doz.
<b>Lovenest.</b> Often called the "pink daffodil," the well proportioned trumpet of saffron yellow turning to apricot pink.....	35 each,	4.00 doz.
<b>Lord Wellington.</b> Immense golden yellow trumpet, outstanding variety.	.35 each,	4.00 doz.
	Doz.	100
<b>Moonlight.</b> Extra large flower, trumpet is soft primrose, a beautiful variety which everyone admires.....	1.25	9.00
<b>Mrs. E. H. Krelage.</b> When fully expanded this is of a uniform ivory white, far in advance of Mme. de Graaff, outstanding in the white trumpet class .....	1.75	13.50
<b>Mrs. R. O. Backhouse.</b> The famous "pink daffodil," finely proportioned pure white perianth, long, slim trumpet of apricot pink changing to shell pink at the deeply fringed edge	1.50	each
<b>Minister Talma.</b> Excellent variety of moderate size. Early bloomer	1.00 doz.,	7.50 per 100
<b>Nanus.</b> (See Rock Garden daffodils.)		

Doz. 100

	Doz.	100
<b>Von Sion.</b> Large double, deep golden yellow flowers, an old favorite.....	1.00	7.50

### JONQUILLA SECTION

	Doz.	100
<b>Buttercup (Emperor X Jonquilla).</b> Buttercup yellow trumpets, very lasting .....	\$1.00	\$7.50
<b>Jonquilla Simplex.</b> The most delightfully fragrant of the whole narcissus family, very hardy and persistent, late bloomer .....	.75	6.00
<b>Jonquilla Simplex flore pleno.</b> Double sweet scented jonquil .....	1.00	7.50

	Doz.	100
<b>Campernelle.</b> Large, deep, yellow flowers, forces well .....	.60	4.50
<b>Campernelle Giganteus.</b> The finest of the jonquilla family, in size, foliage and perfume superior to all others..	.80	6.00
<b>Campernelle Rugulosus.</b> A much glorified campernelle, rich yellow.....	.75	6.00
<b>Campernelle Rugulosus flore pleno.</b> A fully double form, very pleasing..	.75	6.00
<b>Golden Sceptre.</b> Yellow, very large golden cup, extra fine.....	1.00	7.50
<b>Orange Queen.</b> Rich deep orange, very distinct, a splendid grower.....	.85	6.50
<b>Canaliculatus.</b> (See Rock Garden daffodils.)		
<b>Juncifolius.</b> (See Rock Garden daffodils.)		

### ROCK GARDEN SECTION

Virtually all of these varieties are suitable for the rock garden in addition to the sweet jonquils and some others already listed. Some like Queen of Spain, Salmonetta, William Goldring, W. P. Milner and Thalia are also fine for naturalizing where grass is not too coarse. Cover bulb 6—8 inches deep for best success. Many failures are due to too shallow planting.

	Each	Doz.
<b>Bulbocodium Citrinus.</b> Beautiful pale citron flowers 6—8 inches high, likes a damp position and enjoys a soil with peat and leaf mold.....	\$ .15	\$1.50
<b>Bulbocodium Conspicuus.</b> Rich golden yellow of hoop petticoat like form and fine rush like foliage, likes sandy peat .....		1.25
<b>Canaliculatus.</b> Dainty little gem, give full sunshine. Heads of 3—4 flowers have white perianths and yellow cups, very fragrant .....	.10	1.00
<b>Cernuus.</b> A very old little daffodil. Lovely nodding flowers, perianth and trumpet silvery white, an early bloomer .....	.20	2.00
<b>Cyclamineus.</b> Rich yellow trumpet, perianth reflexed like a cyclamen. Likes a moist location and a sandy peaty soil .....	.25	3.00
<b>Cyclamineus February Gold.</b> A hybrid from cyclamineus, perianth golden yellow, trumpet tinged with orange	.20	2.00
<b>Glitter.</b> Perianth and cup deepest golden yellow with glittering red edge. A choice little mite on an 8 inch stem .....	.15	1.25
<b>Johnstoni Queen of Spain.</b> Pure canary yellow, gracefully nodding trumpets of small size on 9 inch stems .....	.25	2.50
<b>Jonquilla Simplex.</b> True sweet scented jonquil .....	.75 doz.,	6.00 per 100
<b>Jonquilla Simplex Flore-Pleno.</b> Double form of above.....	1.00 doz.,	7.50 per 100
	Each	Doz.
<b>Juncifolius.</b> A miniature rush leaved daffodil, 4—5 inches in height, small rich very fragrant yellow flowers...	.20	2.00

	Each	Doz.
<b>Minimus.</b> Smallest of all trumpet daffodils and the first to flower. We had blooms fully expanded on February 25 outdoors in 1939, only 3 inches in height with pure golden trumpets. Succeeds well in loam....	.30	3.00
<b>Minor.</b> A very scarce variety, grows 6 inches high, golden yellow perianth gracefully twisted, trumpet golden .....	.20	2.00
<b>Nanus.</b> A miniature golden trumpet daffodil 4—5 inches high, about intermediate between minimus and minor in size, very early.....	.20	2.00
<b>Queen of Spain (Johnstoni).</b> Lemon trumpet and perianth, a very graceful little flower .....	.25	2.50
<b>Salmonetta.</b> Charming little Leedsii with white perianth and salmon tinted cup, often carries twin flowers .....	.10	1.00
<b>Triandrus Albus</b> (Angels Tears Narcissus). Snow white nodding flowers, like rather gritty compost.....	.20	2.00
<b>Triandrus Agnes Harvey.</b> Suggests albus but with tinge of apricot....	.20	2.00
<b>Triandrus Concolor.</b> Like triandrus albus but creamy yellow.....	.25	2.50
<b>Triandrus Calathinus</b> .....	.30	3.00
<b>Triandrus Moonshine.</b> Resembles Thalia but smaller .....	.30	3.00
<b>Triandrus Pearly Queen</b> .....	.25	2.50
<b>Triandrus Pulchellus</b> .....	.30	3.00
<b>Triandrus Thalia.</b> Exquisite variety, one of the most lovely of the whole daffodil family. Carries 3—4 flowers per stalk and usually two stalks per bulb. Should be in every garden....	.20	2.00
<b>W. P. Milner.</b> A charming pure white free blooming variety, naturalizes well .....	.20	2.00
<b>William Goldring.</b> The "swans neck" daffodil, primrose passing to white and very graceful, quite a robust grower, but its habit makes it fit in well in the rock garden.....	.20	2.00

### MIXTURES OF NARCISSI FOR NATURALIZING PURPOSES

Choice Mixture All Types,

### NARCISSI FOR INDOOR CULTURE

	Each	Doz.
<b>Paperwhite Grandiflora.</b> For culture in soil, peat moss, fibre or water, largest bulbs only .....	\$ .60	\$4.00
<b>Soleil d'Or.</b> Rich golden yellow, very fragrant, can be used in same way as the Paperwhites .....	1.00	7.50

## TULIPS

Tulip offerings this year are from the United States and Great Britain. the crops this season are good in both countries and bulbs have ripened a little earlier than usual. The bulbs from Great Britain last season proved very satisfactory. Additional to the varieties listed here we have rather more numbers of other kinds, some only in lots which are grown here in Weymouth. If anyone particularly desires a variety not listed here let us know and we may be able to furnish it. Bulbs lifted here and received from other sources are excellent in quality this season.

### DARWIN TULIPS

	Doz.	100
<b>Afterglow.</b> Deep rose-orange with salmon edges .....	\$1.00	\$7.50
<b>Baronne de la Tonnaye.</b> Rose shaded blush, very popular .....	.85	6.50

<b>Vernus Storm Cloud.</b> Silvery lavender, violet purple at apex. Winter bloomer	1.25
<b>Fine Mixture Species Crocus.</b>	.75
We have several other species of Crocus.	

### ALLIUM

These are excellent for either outdoor culture or forcing and are of easy culture.

	Doz.	100
<b>Azureum grandiflorum.</b> Pretty light blue	\$ .50	\$4.00
<b>Neapolitanum.</b> Excellent pure white	.50	4.00
<b>Neapolitanum roseum.</b> Pleasing delicate pink	.50	4.00

### ANEMONE

	Doz.	100
<b>De Caen.</b> Taller and mainly single flowers	\$ .60	\$4.50
<b>St. Brigid.</b> Large flower, many rich shades	.60	4.50
<b>St. Brigid.</b> Blue shades only	.60	4.50

These anemones are fine for forcing but can be used also in rock gardens where drainage is perfect and soil gritty. Give good winter protection.

### AMARYLLIS (HIPPEASTRUM)

Giant Hybrids, extra fine Californian strain. We can offer these in the following distinct shades or colors: Nearly White, Pink shades, Red with white centre, Red with white stripes, Blood red. A few pure whites have been flowered from the "nearly whites." In separate shades or fine mixtures.

.50-.75 each, 5.00-8.00 per doz.

Bulbs are ready in December but some can be furnished earlier if desired. Early home grown.

### CAMASSIA

The Camassias are very interesting and striking hardy bulbs, plant 6 inches deep prefer rather moist ground, flower as late Tulips are on the wane.

	Doz.	100
<b>Leichtlini.</b> Usually pure blue, occasionally white, robust variety.....	\$1.50	\$12.00
<b>Leichtlini alba.</b> White or cream, fine for forcing as well as outdoors....	1.50	12.00

### CHIONODOXA

We have only limited supplies of these bulbs.

.75 doz., 6.00 100

### COLCHICUM

The "Meadow Saffrons" are fall bloomers producing heavy foliage in spring. Carry quite a number of their large crocus-like flowers to each bulb, often flowered in the house and later planted outdoors. Succeed in sunshine or shade.

	Doz.	100
<b>Autumnale.</b> Lavender, of very easy culture .....	\$ .25	\$2.50
<b>Autumnale Alba.</b> Pure white, free grower and bloomer .....	.25	3.00

<b>Bornmuelleri.</b> Long tubed, large rosy lilac blooms .....	.35	4.00
<b>Giganteum.</b> Immense soft violet, late bloomer .....	.40	4.00
<b>Premier.</b> Dark lilac .....	.35	4.00
<b>Speciosum.</b> Deep rosy purple .....	.30	3.00
<b>Speciosum album.</b> Much the largest and finest of the pure whites.....	.75	8.00
<b>The Giant.</b> Very large, deep lilac mauve .....	.40	4.00
<b>Violet Queen.</b> Pleasing violet color...	.35	3.50
<b>Collection of Eight Distinct Varieties</b>		2.50
<b>Fine Mixture</b> .....		2.50

### CYCLAMEN, HARDY TYPE

These delightful little bulbous plants are hardy in New England in a well drained rockery or border where they receive a fair amount of shade. Plant not over 4 inches deep in rather gritty soil to which plenty of leaf mold has been added. They are excellent also in a cold frame and make charming little house plants.

<b>Europaeum.</b> Crimson sweet scented flowers in late summer, with pretty silver marked foliage .....	.75 each
<b>Neapolitanum.</b> Rosy pink flowers followed by large handsome silver marbled foliage popularly known as the "Ivy leaved Cyclamen".....	.75 each

EREMURUS (FOXTAIL LILY)

We have a fine collection of these strikingly beautiful stately and remarkable plants from Central Asia which flower in June and July. Colors include pure white, pink, golden, sulphur yellow, and orange. Best planting time is September until early November. Plants are of easy culture. Spikes attain a height of 5—10 or more feet. Give good drainage and a soil rich in humus with plenty of sand added. Prices are for strong flowering plants.

Bungei.	Golden yellow, late bloomer, dwarf	er	
	than other varieties .....	\$1.00	each
Elwesianus.	Very robust soft pink variety		
		1.50—2.00	each

<b>Grand Duchess.</b> Pure white .....	.50

**SCILLA (SQUILL)**

	Doz.	100
<b>Siberica.</b> Bright blue, grows in sun or shade .....	\$ .75	\$6.00
<b>Siberica Alba.</b> Pure white flowers....	.75	6.00
<b>Campanulata Rosea</b> .....	.75	6.00
<b>Campanulata</b> .....	.75	6.00
<b>Campanulata Sky Blue.</b> Lovely deep blue .....	.75	6.00
<b>Campanulata Coerulea.</b> The "Spanish Bluebell" .....	.75	6.00
<b>Campanulata Alba.</b> Pure white .....	.75	6.00
<b>Nutans Coerulea</b> (English Bluebell)..	.60	4.50
<b>Nutans Alba.</b> Pure white .....	.60	4.50
<b>Scilloides</b> (Formerly <i>Pusckinia</i> ) <i>Libanotica</i> . Blue with white midribs, rather late bloomer, very striking..	.75	6.00
<b>Note.</b> We have a nice lot of mammoth bulbs of <i>Campanulatas</i> .....\$1.00 doz., \$7.50 per 100		

**STERNBERGIA**

	Doz.	100
<b>Lutea.</b> A splendid fall flowering hardy bulb, carries rich golden yellow crocus-like flowers. Plant 8 inches deep, good in rock garden.....	\$1.75	\$13.50

**VELTHEIMIA**

**Viridifolia.** A very handsome and striking Cape bulb, use single bulbs to 6 or 7 inch pots. The spikes 15-18 inches high rise from a rosette of showy, bright green shiny leaves and 40-60 pink tubular flowers are carried on each spike. A grand house plant and attracts attention at every flower show. Extra large flowering bulbs..... .50-.75 each, 5.50-8.00 doz.  
Ready September 1.

**ZEPHYRANTHES (FAIRY LILY)**

Can be grown in pots for flowering in spring or early summer or planted out to flower in summer or early fall. The lovely flowers are produced over a long season.

	Doz.	100
<b>Ajax.</b> Pure yellow .....	\$1.00	\$7.50
<b>Candida.</b> Snow white .....	.75	6.00
<b>Rosea.</b> Clear rosy pink .....	1.50	10.00

**HELLEBORUS (CHRISTMAS ROSE)**

We have a fine stock of strong plants of these lovely plants which can be moved successfully in fall or early spring. They require moderate shade and enjoy a soil containing plenty of humus with a little lime added. Water in very dry weather and leave plants undisturbed for a number of years for best results.

	Each	Doz.
<b>Niger Praecox.</b> A dwarf form of the true Christmas rose .....	\$1.00	\$10.00
<b>Niger Altifolius.</b> A taller and better form than praecox.		

1.00-2.00 each, 10.00-22.50 per doz.

**Niger Multiflorus.** The freest blooming variety we have grown.....1.50-2.00 each

**Orientalis.** The "Lenten Rose," blooms in spring carrying many flowers to a stalk .....1.00-2.00 each, 10.00-22.50 doz.

**Orientalis Hybrids.** These come in quite a range of pleasing colors....1.00-2.00 each

	Each	Doz.
<b>Viridis.</b> More finely divided leaves than the other hellebores. Heads of rich green flowers .....	1.00	10.00

**HARDY CYPRIPEDIUMS (LADYSLIPPERS)**

We handle a large number of these lovely hardy plants. Fall is much the best season for planting them. All require shade.

**Acaule.** The well known "Moccasin Flower" thrives well under pine trees but will do well where pines are not growing .....25-.50-1.00 each

**Acaule alba.** Lovely pure white form of which we now have a nice stock.. .50 each

<b>Candidum.</b> The pure white ladyslipper is one of the rarest varieties. We have a limited stock.....	1.50 each
<b>Arietinum.</b> The "Ramshead Ladyslipper" while carrying small flowers is very attractive. This variety is scarce .....	.75 each
<b>Parviflorum.</b> Bright yellow small flowered variety .....	25-.50-1.00 each
<b>Pubescens.</b> A beautiful and very persistent variety, with lovely yellow flowers .....	25-.50-1.00 each
<b>Spectabile (Reginae).</b> The "Royal Ladyslipper" is the tallest growing, latest blooming and most noble of the family. It likes more moisture than any other variety.....	25-.50-1.00 each
We have some extra big clumps at	2.00 each
The price of the <i>Cypripediums</i> depends on the number of "pips" in each. These are the embryo flower spikes.	

## SOME INTERESTING NATIVE MATERIAL FOR FALL PLANTING

	Each	Doz.
<b>Aquilegia Canadense.</b> Fine for naturalizing .....	\$ .25	\$2.50

<b>Smilacina Racemosa.</b> False Solomon's Seal .....	.20	2.00
<b>Sanguinaria Canadensis.</b> Bloodroot..	.20	2.00
<b>Sanguinaria Canadensis Flore-Pleno.</b> Double Bloodroot. True double flowering bloodroot. Stock limited. Attracted great attention in our Gold Medal Exhibits at the great Boston Spring Exhibitions .....	1.50	each
	Each	Doz.
<b>Viola Blanda.</b> Sweet white violet....	.25	2.50
<b>Viola Pedata Bicolor.</b> Two color bird-foot violet .....	.25	2.50

### TRILLIUMS

**Erectum.** Purple Trillium.

**Grandiflorum.** Great snowy Trillium.

**Nivale.** Nodding white Trillium.

**Recurvatum.** Purple Prairie Trillium.

**Stylosum.** Rosy Trillium.

**Undulatum.** Painted Trillium.

Prices of all Trilliums, .15 each, 1.25 doz., 9.00 per 100

### ERYTHRONIUMS

	Doz.	100
<b>Albidum.</b> White troutlily .....	\$1.00	\$7.50
<b>Americanum.</b> Common troutlily ....	1.00	7.50
<b>Giganteum.</b> An Oregon variety with large creamy yellow flowers and beautifully mottled foliage .....	1.00	
<b>Grandiflorum.</b> Bright buttercup yellow flowers on 12-18 inch stems, leaves are unmottled .....	1.00	

NOTE: Plant the Erythroniums in shade, to partial shade 3 inches deep, and 4 inches apart. A mulch of peat moss will assist in holding moisture needed by them.

### HARDY FERNS

Of these we have a fine selection in established plants, list on application, .20 each, 2.00 per doz.

Note: Many of our native plants are established stock not to be confounded with the collected plants largely offered which take some time to establish.

### HARDY HERBACEOUS PERENNIALS AND ROCK PLANTS

Of these we have a large collection including many unusual varieties and novelties. Full list will be found in our Spring Catalogue issued in February each year.

### HARDY ROSES

From October 10 to November 20 is an excellent time to plant all types of Hardy Roses. We will have a fine selection ready at that time including all of the leading Brownell sub-zero varieties. We call special attention to the new **Everblooming Climber Orange Everglow** which is vigorous, fragrant and of a rich velvety coppery orange color. Strong plants for fall delivery.....\$2.00 each

We will have 20 other varieties of Brownell Roses for sale.

### EVERGREENS FOR FALL PLANTINGS

We have a fine assortment of Hybrid Rhododendrons, Kalmias, Pieris Japonica and floribunda, Ilex in variety, Taxus, and other first class evergreens.

### CLEMATIS

We carry in stock 20 varieties of the Large Flowered Clematis as well as paniculata and other small flowered varieties. All are in pots.

**Peat Moss.** Always carried in stock...\$4.25 per bale  
**Cran Cover.** By far the best winter mulch. Ask for price later in the season.
